Inclusion Policy

Xtra Time and 1st Touch Coaching aim to be inclusive Clubs. Inclusion is the process of increasing the participation of children and young people in their communities. We actively seek to remove the barriers to learning and participation that can hinder or exclude individual children, or groups of children. This means that equality of opportunity must be a reality for our children. We make this a reality through the attention we pay to the different groups of children within our clubs at any time:

- Girls and boys
- Minority ethnic and faith groups
- Children learning English as an additional language (EAL)
- Children with special educational needs (SEN)
- Children with physical disabilities or long term medical conditions
- Children who at risk of disaffection or exclusion
- Looked after children or children adopted from care
- Travellers and asylum seekers
- Children who are experiencing family break-up
- Children in need of additional challenge

We aim to ensure that the individual needs of children are quickly identified and met in order that all children can access our provisions. The culture, practice, management and deployment of resources in our clubs should be designed to ensure all children's needs are met.

This policy has been written with reference to the following guidance and documents:

- Equality Act 2010
- Special Educational Needs Code of Practice 2014
